## Youth Tennis

### **Does the club offer group-lessons for youth tennis players?**

Yes, we do offer group-lessons for children and teenagers. Training is planned and executed semi-annually, in summer and winter respectively. Classes are carried out in a group of four players with one coach per group.

### **What is the minimum age to take part in tennis classes?**

The minimum age to participate is 4 years. Starting from age 4 up to 7, children are training in our age appropriate tennis program „Koordiland“.

Older kids will be training in the youth training („Jugendtraining“).

### **How can I register my children for tennis training?**

There is a registration phase before the summer and winter seasons in which all participants must register for the training. The registration phases usually take place in February (for summer training) and in September (for winter training).

Online registration is possible on our tennis platform „Sportision“:

<https://sportision.de/club/sc-frankfurt-1880-ev-1>

The following information is required for registration:

- Name and birthdate of the player
- playing level (beginner or advanced)
- Availabilities (on which days and at what times can the child train?)

Selecting as many time slots as possible will improve the chances of being selected for a spot in the trainings program.

After 4 to 6 weeks after the application deadline has passed, you will receive feedback as to whether your child has obtained a spot. If your child could not be considered, you will receive a rejection.

### **The deadline for application has expired. Is it still possible to register?**

Unfortunately not, because the training plan for the respective season is being determined after the registration deadline. The children are divided into groups of four who train together at one fixed time per week for the duration of the summer/winter season. The groups will not be changed during the season, so no additional children can be accepted.

### **When does tennis training begin?**

You can start tennis training at the beginning of the summer or winter season. Summer season starts in April after the easter holidays. Winter season usually starts in October after the fall holidays.

There is no option for joining the training during an ongoing season. Therefore a registration during the respective application period is essential for participating in the respective season.

## Tennis For Adults

### **Does the club offer beginner courses for adults?**

For clubmembers, there is an open joint-practice every Monday for beginners (7–8pm) and advanced players (8-9pm) during the summer season. Our tennis camps take place during the school holidays, where participants train for 2 hours over 3 days. Beginners can also take part in the tennis camps. Training for adults usually takes place via private lessons, which are agreed individually between the member and the clubtrainer (see next question).

### **Can I book private coaching lessons?**

In principle, our tennis coaches are also available for private lessons. However, the demand for private training is very high. We receive new inquiries every day, and we cannot convey all of them.

In addition, the space capacities are limited: In the winter season, 6 indoor spaces are available, which are mainly permanently occupied by youth training and bookings from members. Our trainers are busy in youth training between 3:00 p.m. and 8:00 p.m. during the week. There are usually no private lessons afterwards. The best conditions for private lessons are therefore Monday to Friday mornings.

In the summer season, private lessons are not possible between 4:00 p.m. and 7:00 p.m. due to space capacity.

Please send your requests for private lessons with a list of your availability to [sekretariat@sc1880.de](mailto:sekretariat@sc1880.de) or to [dominicmetzger@sc1880.de](mailto:dominicmetzger@sc1880.de).
